STUDY
AT UQAM
IN THE
HEART
OF
MONTRÉAL

Montréal:
best student city
in the Americas
and 6th in
the world*

A metropolis that bridges North American and European cultures, Montréal has everything a student could possibly want. The proof is that it has long been ranked one of the best cities in the world for students.

There are many reasons the city appeals to students, including:

- Quality of life in Montréal (openness, inclusiveness, atmosphere, cost of living and safety)
- How well its universities score among employers
- Impressive diversity of languages and cultures
- Vibrant charm, day or night, in any season

Would you like to study in Montréal, too? You'll be in good company:

- Montréal is home to **over 170,000 university students**, including **over 35,000 international students**.
- **Nearly 4,500** of these international students, **from 95 countries**, choose to study at the **Université du Québec à Montréal (UQAM)** every year.

Choosing UQAM

Founded in 1969 to increase access to higher education, UQAM has established itself over the years as a vital post-secondary institution in the Montréal, Québec and Canadian landscape.

UQAM's main campus and its Pierre-Dansereau Science Complex are located in the heart of two of Montréal's most central, liveliest districts: the Quartier Latin (Latin Quarter) and the Quartier des spectacles (Entertainment District).

Dynamic university life and a range of services

UQAM offers an array of personalized services to support you and provide the best conditions for success:

- Job search assistance
- Financial aid
- Academic guidance and career counselling
- Adapted services for students with disabilities
- Learning support
- Psychological support

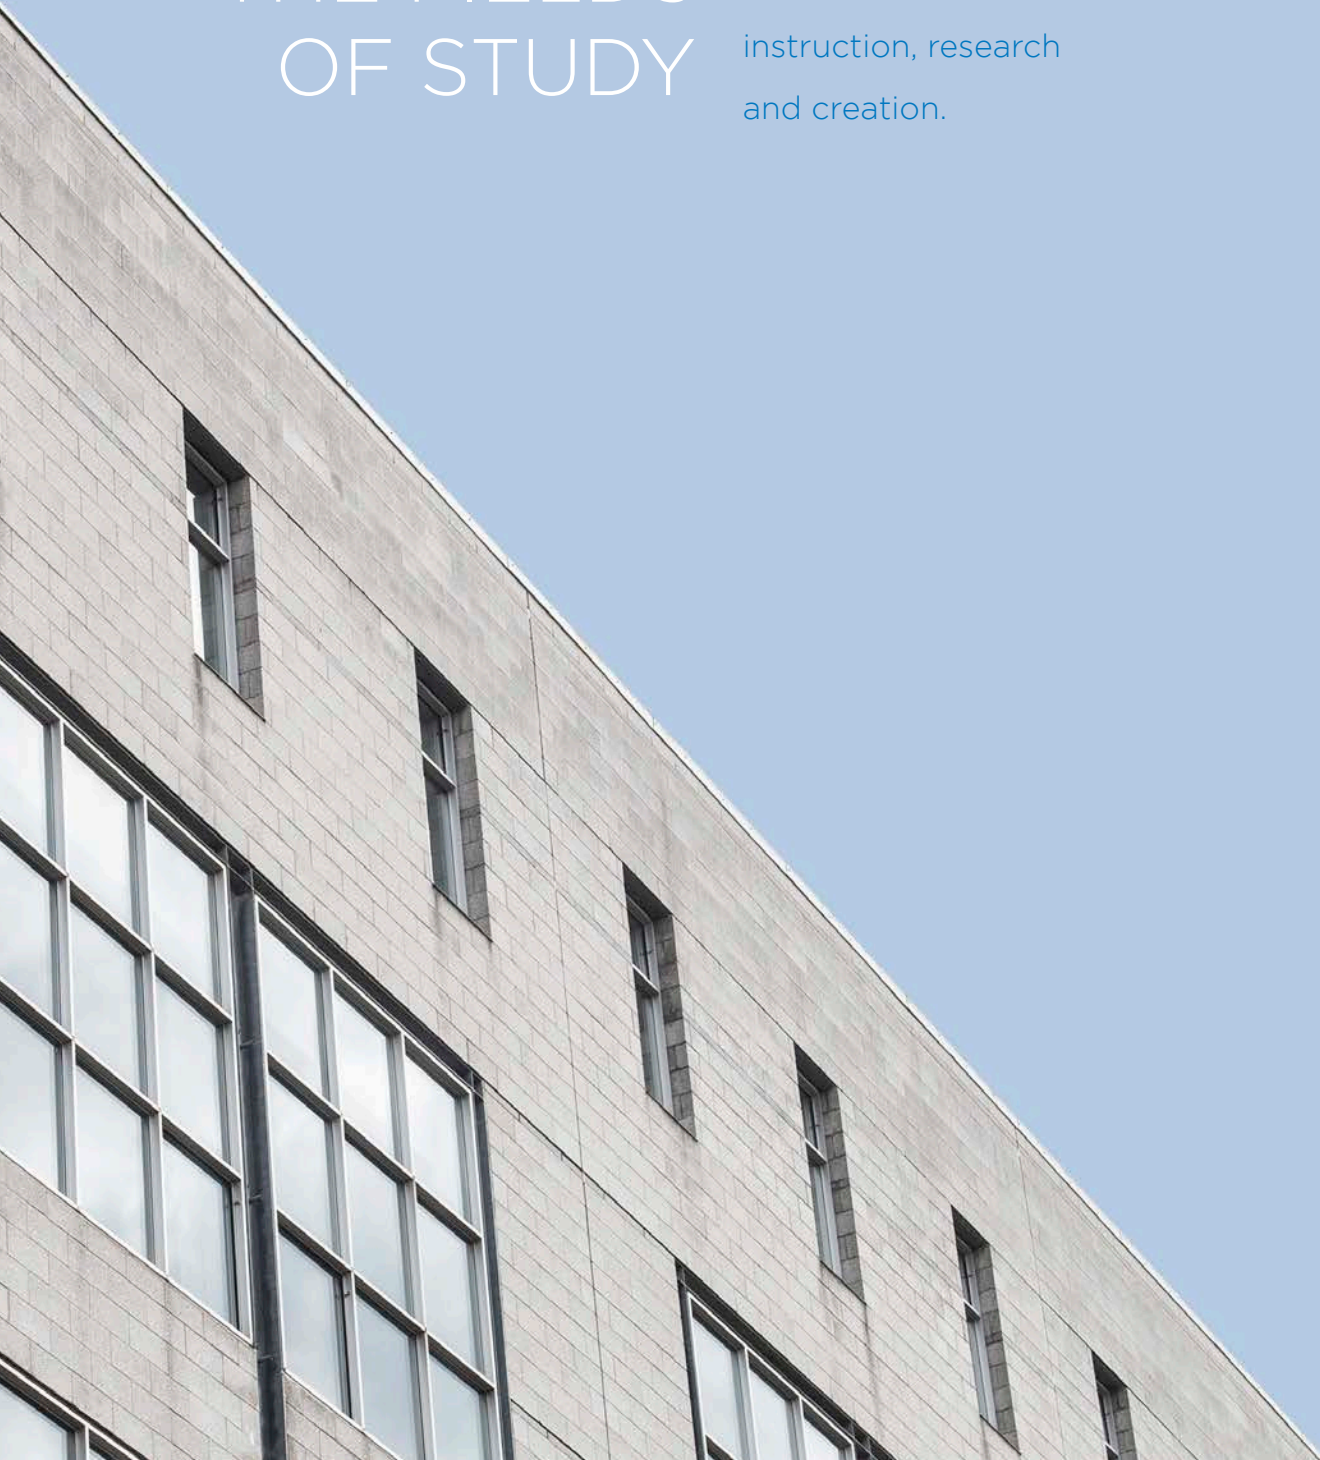

There are many ways you can get involved to make the most of your time at UQAM:

- Join one of the many cultural, multicultural, and community student groups (improv league, legal clinic, community bicycle repair shop, etc.).
- Learn about UQAM's student media groups.
- Get involved in your faculty or program association.
- Take advantage of the UQAM Sports Centre, which offers badminton, basketball, physical fitness, climbing, jogging, bodybuilding, swimming, soccer and more.
- Join one of the university's best sports teams, the Citadins, who excel at basketball, soccer, volleyball, cross-country, golf, cheerleading, track and field, and badminton.

DISCOVERING THE FIELDS OF STUDY

Six faculties and one school of management represent UQAM's main fields of instruction, research and creation.

Faculty of Arts

One of the most exciting hubs of Québec's intellectual and cultural scene, the Faculty of Arts offers a dynamic environment where all forms of art mingle together—visual and media arts, dance, design, literary studies, art history, museology, music, theatre—as do the instructors of these subjects.

Tailored to changes in the disciplines and societal needs, the Faculty of Arts' undergraduate, graduate and postgraduate programs combine tradition, current practices and new technologies, with a strong emphasis on internationalization and study opportunities abroad.

Faculty of Communication

The Faculty of Communications is one of the largest centres of communication instruction, research and creation in Canada, offering human, international, intercultural, marketing, media, digital, organizational and public communications, languages and modern cultures.

Hundreds of internship opportunities available each year offer unparalleled labour market integration, and the chance to take part in summer programs or study abroad for a semester enriches the student experience. The Faculty helps equip students to meet the many challenges facing our societies.

Faculty of Education

In a stimulating learning environment, the Faculty of Education trains professionals, specialists and renowned researchers who work with young children and adults, in domains that include regular education, special education, remedial education, vocational and technical training, as well as career counselling, university pedagogy and technopedagogy.

Highly committed to 21st-century issues and in collaboration with teaching institutions, the Faculty offers renowned programs combining innovation, versatility and citizen engagement, the majority of which include one or more internships that can be completed abroad.

School of Management (ESG UQAM)

In terms of both research and instruction, ESG UQAM cultivates critical thinking and develops out-of-the-box thinkers who will change the course of business and influence their communities.

Studying at ESG UQAM means exploring areas of expertise ranging from management, urban planning and marketing to fashion management, ethics, smart and sustainable living environments, business intelligence and fintech.

Faculty of Political Science and Law

The Faculty of Political Science and Law, the only one of its kind in Canada, trains political scientists and jurists capable of facing the challenges imposed by the significant transformations of contemporary society in law, political science, public management and international relations.

The Faculty's programs uniquely highlight interdisciplinarity, providing students with internship and exchange programs, in addition to a wide range of practical and experiential learning activities such as legal clinics, simulations of international organizations and moot court competitions.

Faculty of Science

The Faculty of Science trains specialists who help advance knowledge in the fields of actuarial science, biology, biochemistry, chemistry, environmental sciences, computer science, kinesiology, and earth and atmospheric sciences.

Students are placed in small groups, with a strong focus on field trips, internships and lab courses conducted in brand-new, specialized labs with state-of-the-art equipment.

Faculty of Social Sciences

Whether it is geography, history, linguistics, philosophy, psychology, theology, sexology, sociology or social work, the Faculty of Social Sciences trains innovative, versatile, and critically minded citizens so they may address the toughest societal challenges.

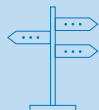

UQAM's Faculty of Social Sciences is at the forefront of trends affecting individuals and societies, including climate change, diversity, Indigenous studies, feminist studies, sexual minorities, digital and heritage studies, end-of-life care, suicide, violence and trauma, as well as many others.

EXPLORING
GRADUATE
SCHOOL
AND
RESEARCH

Graduate studies at UQAM include:

Over **140** programs
with over **8,000** students

Many courses taught in partnership with other Québec or international universities

Professors who foster an excellent learning environment and have been awarded prestigious prizes for their pedagogical approach and their contribution to research, in Québec and Canada as well as abroad

Research and creation activities at UQAM are characterized by the development of innovative approaches:

UQAM professors, researchers and students publish in about 20 research and creation journals in multiple fields.

UQAM has **117** research and creative units:

30 Canada Research Chairs

27 Research and Innovation Chairs

25 institutional research centres

21 strategic institutional chairs

6 institutes

5 UNESCO Chairs

3 NSERC Industrial Research Chairs

Finding your research director

Many research-based programs require that the student have a research director before submitting their admission application. Here are a few pointers to help prospective students find a topic and research director.

DIRECTORY OF UQAM PROFESSORS

Find fields of expertise, research units, current research projects, publications and projects for the 1,155 professors at UQAM at professeurs.uqam.ca.

FACULTY/SCHOOL AND DEPARTMENT SITES

Find specific information on research, units, publications, and scholarships at uqam.ca/en/facultes.

EXPERTISE MAPPING

Use visual mapping to search, explore and discover experts at expertises.uqam.ca.

RESEARCH AND CREATION SERVICE PORTAL

Find research and creation units, inter-university groups, research networks, external affiliations and partnerships at recherche.uqam.ca.

Postdoctoral and research internship

- UQAM regularly hosts postdoctoral fellows who, through their competence, foster research and creation in its various research units.
- International graduate students can complete a research internship at UQAM under the supervision of one of its professors or in one of its research units.

Support for success

To help you succeed in your graduate studies, UQAM makes available:

- Librarians specializing in different fields of study who are available to help you right from the beginning of your degree
- Mentorship
- Personalized training
- Other resources, such as workshops, support committees and reference guides

PLANNING YOUR STUDIES

The Québec university education system is unique. Here is what you need to know about studying in Québec and at UQAM.

DEGREE LEVELS AND TYPES OF PROGRAMS

In Québec, there are three levels of university studies. Many programs of different durations are available at all levels.

LEVEL	PROGRAM TYPE	DESCRIPTION	DURATION	NUMBER OF CREDITS
Under-graduate	BACHELOR'S DEGREE	<ul style="list-style-type: none"> • Most complete training at the undergraduate level • Generally focuses on a single discipline 	3 or 4 years, full-time	90 or 120 credits
	BACHELOR'S DEGREE BY COMBINING PROGRAMS	Combine training from various related fields while working toward a bachelor's degree (with some conditions): <ul style="list-style-type: none"> • Three certificates or minors • One major and one minor or one certificate 		
	MAJOR	Shorter than a bachelor's degree and allows you to specialize in a particular field.	2 years, full-time	60 credits
	CERTIFICATE OR MINOR	Learn about or specialize in a particular field.	1 year, full-time	30 credits
	SHORT PROGRAM		Up to 1 year, full-time	9 to 20 credits
Graduate	MASTER'S WITH THESIS OR CREATIVE THESIS	<ul style="list-style-type: none"> • Develop your research or creative research skills to: <ul style="list-style-type: none"> › Help advance your discipline and gain expertise to stand out in the labour market › Pursue a PhD in the future • The thesis counts for at least half the program credits. • Depending on the program, students can complete a research thesis, a practical thesis, or a creative thesis. 	2 years, full-time	45 or 60 credits
	MASTER'S WITHOUT THESIS OR PROFESSIONAL MASTER'S	Expand your knowledge: <ul style="list-style-type: none"> • Complete practical training • OR produce guided work, action-research work or essays 		
	MASTER'S DEGREE BY COMBINING PROGRAMS	<ul style="list-style-type: none"> • ESG UQAM: Students may combine a DESS and a short graduate program to obtain a master's degree in administration. • Synopsis exercise completes the course. 		
	SPECIALIZED GRADUATE DIPLOMA (DESS)	<ul style="list-style-type: none"> • High-level professional development program • Some DESS offer transition to the appropriate master's program 	1 year, full-time	24 to 30 credits
	SHORT PROGRAM	Shorter than the DESS, with the same goal of providing high-level professional training.	Up to 1 year, full-time	9 to 20 credits
Post-graduate	DOCTORATE	<ul style="list-style-type: none"> • Provides researcher training and the advancement of knowledge in a discipline or field of study • Concludes with the public defence of a written thesis and can generally lead to a teaching or research position • Option to pursue a cotutelle thesis under certain conditions 	4 years, full-time	90 credits
	DIRECT DOCTORATE IN PSYCHOLOGY	<ul style="list-style-type: none"> • Combines the content of master's and doctorate programs • Admits students straight after their bachelor's degree 	6 years, full-time	120 credits
	SHORT PROGRAM	High-level professional development program	2 years, part-time	9 credits

1 course = 3 credits on average (depending on program)

To learn about the level of training required to make your dream of studying at UQAM a reality, please read the general admission requirements on our website at etudier.uqam.ca/etudiants-etranagers.

Study modes

As an international student, you must register for a full-time course of studies. This is equivalent to 12 or 15 credits per semester at undergraduate level (fall and winter), i.e. generally 4 or 5 courses.

Weekly work load

How many hours do you have to devote to your course work every week? This is a simple equation:

NUMBER OF COURSES	NUMBER OF HOURS IN CLASS	NUMBER OF HOURS FOR WORK	TOTAL HOURS
1	3	6	9
2	6	12	18
3	9	18	27
4	12	24	36
5	15	30	45

Academic calendar

FALL SEMESTER: September to December

WINTER SEMESTER: January to April

SUMMER SEMESTER*: May and June

* Optional registration for undergraduate students

Course timetable

TYPICAL CLASS LENGTH

3h

USUAL CLASS FREQUENCY

Once a week for 15 weeks

USUAL TIME SLOTS

MORNINGS 9:30 a.m. to 12:30 p.m.

AFTERNOONS 2 to 5 p.m.

EVENINGS 6 to 9 p.m.

Note: Some courses may, however, have a specific timetable, continuous or intensive classes for one weekend per month, in the classroom, remotely, in hybrid mode or in dual mode.

Participating in a student exchange program: another way to study at UQAM

You can take part in an exchange program and complete a brief course of studies at UQAM for one or two semesters. At the end of this program, you will have completed several courses of your selected program.

During this period:

- You remain officially registered at your home university.
- You pay your usual tuition fees.
- The courses you take at UQAM will be recognized by your home university, which will grant your degree attesting your training from that university.

Interested in an exchange?

- First, check if your university has an exchange program with UQAM.
- If so, please refer to the exchange program director at your own university.

MEETING THE LANGUAGE REQUIREMENTS

French-language policy

French is the official language in Québec and at UQAM. To be permitted to study at UQAM, you must have a good command of both oral and written French, as courses, course work, and examinations must be done in French at all levels.

For more information, visit etudier.uqam.ca/politique-langue-francaise.

Test de français international (TFI)

UNDERGRADUATE LEVEL

If you have obtained a diploma outside Québec that does not meet the criteria to prove your command of French, you must include with your admission application the results of a TFI or other recognized test.

GRADUATE AND POSTGRADUATE LEVELS

You must have sufficient command of the French language. Depending on the course of study, you may be required to undergo a language test and take refresher courses. In some cases, knowledge of a second language may be required. If you have been awarded a diploma outside Québec, some programs may require you to pass the TFI.

For more information, visit etudier.uqam.ca/TFI.

Knowledge of English

UNDERGRADUATE LEVEL

Proficiency in English is not an admission requirement for most programs. However, a minimum command of English is an advantage as you may occasionally need to study reference literature in English.

GRADUATE AND POSTGRADUATE LEVELS

Proficiency in English is frequently required in graduate and postgraduate programs, as scientific literature is more commonly written in English.

Note: For certain programs at ESG UQAM, an intermediate command of English is a degree requirement.

LANGUAGE IMMERSION PROGRAMS

Do you wish to improve your knowledge of English or French?

Register for one of the language immersion programs offered at UQAM every summer. You will be enrolled in a recognized course and will have a unique cultural and human experience.

Language courses

Whether you are starting to learn or continuing to learn a language, you can take advantage of the expertise of the teaching staff at UQAM's Language School, which offers courses in German, English, Arabic, Chinese, Spanish, French, Italian, Japanese, Portuguese and Russian.

SUBMITTING YOUR ADMISSION APPLICATION

1. Choose one or more programs of study

As the choice of program is a vital element of your course of studies, it needs to be thoroughly researched. Please refer to the list of programs at the end of this brochure as well as their descriptions on our website at etudier.uqam.ca/programmes.

2. Review admission requirements

Consult the pages of the programs of study that interest you to determine the specific admission requirements for each. It is essential to ensure that you meet all the requirements for your chosen programs.

UNDERGRADUATE LEVEL

If you wish to be accepted to a restricted program (limited number of available spots), your file will be assessed according to certain requirements and specific selection criteria, e.g. a minimum grade point average, tests, or a portfolio evaluation. For specific admission requirements, visit etudier.uqam.ca/exigences-programmes-1er-cycle.

GRADUATE AND POSTGRADUATE LEVELS

Some programs require that you find a professor who is able to supervise your master's or doctoral thesis and that you reach an agreement with that professor before submitting your admission application. For specific admission requirements, visit etudier.uqam.ca/exigences-programmes-2e-3e-cycles.

3. Check the admission deadlines

Important: To speed up the processing of your application and to ensure that you will have sufficient time to obtain your immigration documents for coming to Québec, you are strongly encouraged to apply for admission as early as possible – SEE SUGGESTED DEADLINES BELOW.

SEMESTER	SUGGESTED DEADLINE	OFFICIAL DEADLINE
UNDERGRADUATE PROGRAMS		
Fall	February 1	March 1
Winter*	August 1	September 15
GRADUATE PROGRAMS		
Fall	February 1	Varies according to the program
Winter	August 1	September 15

* Admission to the winter term is not available for some restricted undergraduate programs.

For more information, visit etudier.uqam.ca/dates.

4. Complete the online application form

You will find the application form on our website at etudier.uqam.ca/admission.

Whether you wish to maximize your chances of being admitted to UQAM or simply because you are still undecided about your choice of program, you can state more than one option in the same application.

Number of programs possible in the same application:

Undergraduate level: 3
Graduate level: 2

5. Pay the admission fees and attach the required documents

When completing your application online, please make sure that you include the following documents:

- All items required for evaluation of your application as scanned PDFs
- Your TFI results (or other recognized test), if applicable
- A credit card to pay the admission fees

If your documents are in a language other than French or English, they must be accompanied by a certified English or French translation.

Be sure to attach **all required documents** to your application (etudier.uqam.ca/documents-requis). An incomplete file will delay the processing of your application and could even result in refusal.

6. Receive notification of admission decision

You will receive a separate response by email for each of your choices.

Approximate processing times for applications

LEVEL OF STUDY	PROCESSING TIMES FOR APPLICATIONS
Undergraduate	6–8 weeks after the official application submission deadline
Graduate	Varies (processing time may extend until May or June for an application for the fall semester)

PREPARING FOR YOUR ARRIVAL

Have you been admitted to a study program at UQAM? Congratulations! But the process does not stop there. Before arriving in Québec, you need to complete the following four steps.

1. Complete the formalities for your stay in Québec and Canada

Regardless of your country of origin, you must:

a. Obtain the Québec Acceptance Certificate (CAQ) at immigration-quebec.gouv.qc.ca.

When submitting your application for a CAQ, you must indicate the total tuition fees for your program of studies.

b. Once you have your CAQ, you need to apply for a Canadian study permit from a Canadian Visa Application Centre that covers the territory where you reside (cic.gc.ca).

c. You must have these documents when you arrive in Canada, otherwise you could be refused entry by the immigration authorities.

d. Once you come to UQAM, you must submit a copy of these documents to the Registrar's Office.

Note: A CAQ and a study permit are required for all programs, including two-semester student exchanges.

2. Register for your courses

At UQAM, when you register for your courses for the first time, you confirm your definitive choice of study program. As an international student, you will need to register full-time.

You will receive an email inviting you to visit the Student Portal at portaitudiant.uqam.ca to learn more about when and how to register.

3. Reserve your accommodation

UQAM offers two options:

- Rent or share an apartment in Montréal. UQAM Student Services can help you find accommodation by providing you with access to a housing database (vie-etudiante.uqam.ca/hebergement).
- Choose to live in one of UQAM's residences in recent constructed facilities located five minutes from the university campus (residences-uqam.qc.ca).

4. Plan your arrival

At this stage, your departure for Montréal is about to become a reality! We suggest arriving in Montréal at least 15 days before the start of courses in order to take the time to get settled in.

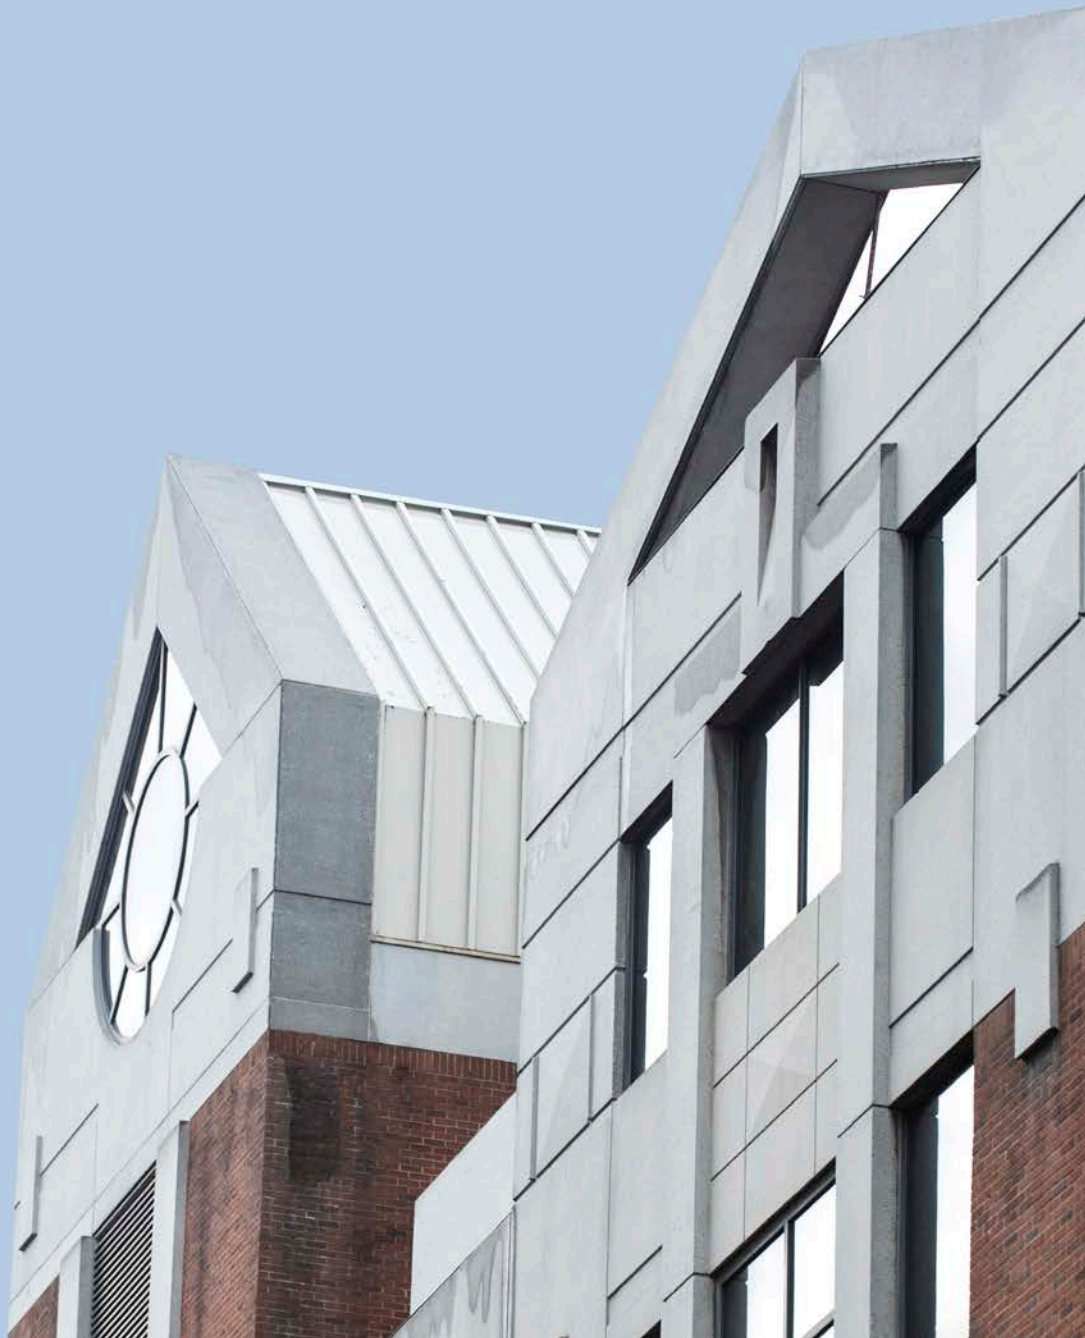

UPON ARRIVAL AT UQAM

The university staff will make every effort to ensure that your first days at UQAM are a smooth experience. When you arrive at UQAM, please talk to the International Students Welcome and Integration Team to:

- Meet with contacts.
- Attend information sessions.
- Take part in a guided campus tour.

For more information, visit vie-etudiante.uqam.ca/etudiant-etranger.

ESTABLISHING YOUR BUDGET

How much will studying at UQAM cost? Create your own budget based on the estimated annual tuition fees and other expenses (accommodation, food, clothing, leisure activities, etc.) in the table below.

Estimation of annual tuition fees for a full-time student – 2020–2021*

TYPES OF PROGRAMS	QUÉBEC STUDENTS OR QUÉBEC PERMANENT RESIDENTS	CANADIAN STUDENTS NOT RESIDING IN QUÉBEC	FRENCH-SPEAKING INTERNATIONAL STUDENTS HOLDING A FRENCH OR BELGIAN PASSPORT	INTERNATIONAL STUDENTS
Certificate and bachelor's degree	\$3,300	\$8,900	\$8,900	\$18,500 to \$24,400 (cost varies depending on study program)
DESS	\$3,300	\$8,900	\$3,300	\$18,600
MBA	\$4,450	\$10,000	\$4,450	\$19,800
Master's without thesis – 1st year	\$2,700	\$7,200	\$2,700	\$15,000
Master's without thesis – 2nd year	\$2,400	\$6,300	\$2,400	\$13,200
Master's with thesis – 1st year	\$3,800	\$10,100	\$3,800	\$21,100
Master's with thesis – 2nd year	\$1,600	\$3,700	\$1,600	\$7,400
Doctorate – 1st year	\$3,800	\$3,800	\$3,800	\$3,800
Doctorate – 2nd year	\$3,800	\$3,800	\$3,800	\$3,800
Doctorate – 3rd year	\$2,700	\$2,700	\$2,700	\$2,700
Doctorate – 4th year	\$500	\$500	\$500	\$500

* Amounts applicable in June 2020. The figures are approximate and are subject to increase without notice. In case there is a discrepancy between the amounts listed here and those provided by Financial Services (student accounts), the latter shall apply. For more information, visit etudier.uqam.ca/cout-bourses.

Use the tuition-estimating tool at etudier.uqam.ca/estimation-frais-scolarité to get an overview of your tuition based on your specific program and study modes.

FINANCING YOUR STUDIES AND WORKING IN QUÉBEC

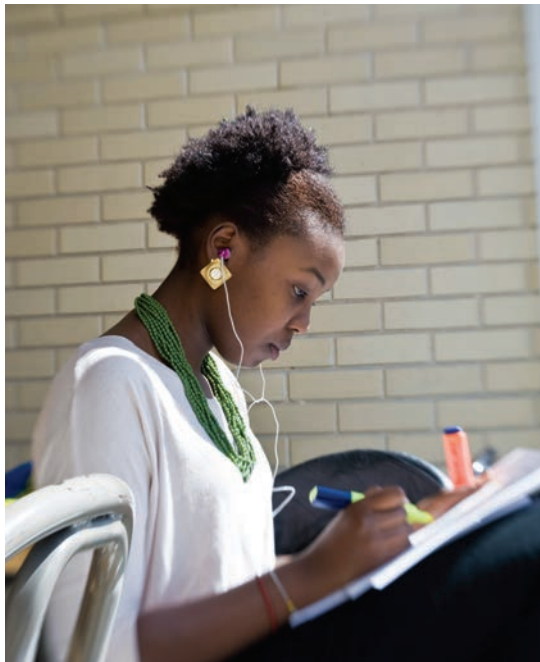

Employment during your studies

There are several student jobs available **on campus**:

- Temporary jobs with certain services such as student cafés, the Student Recruitment Office, Library Services or the Registrar's Office
- Work as research assistants, teaching assistants, monitors or lecturers for more advanced students, typically enrolled in the master's or doctoral programs

For more information, visit emplois.uqam.ca.

If you want to work **off-campus**, visit the Immigration, Refugees and Citizenship Canada website at cic.gc.ca for information on eligibility conditions and procedures.

Financing your studies

Getting a financial boost in the form of a scholarship would be a good start to your career at UQAM. To support you in continuing your studies, several scholarship programs are available. Here are just a few*:

FONDATION DE L'UQAM SCHOLARSHIPS

The Fondation de l'UQAM awards more than 900 scholarships annually to students at all levels of study. Most of these are available to international students and can be up to \$13,500.

FINANCIAL SUPPORT FOR INTERNATIONAL MASTER'S STUDENTS

Scholarships for master's programs are allocated in proportion to registration. Scholarships are usually awarded following a call for applications:

- Master's scholarships—\$4,000
- Additional differential tuition fee exemptions for international students—full or partial exemption

FINANCIAL SUPPORT FOR INTERNATIONAL PHD STUDENTS

International doctorate students receive financial support totalling \$49,000 over the course of their studies:

- Universal doctoral support scholarships—total value of \$13,000 over three years (an additional one-time payment of \$2,000 will be made to eligible individuals on their first approved leave of absence for parental leave)
- Differential fee exemptions for international PhD students

For more information, visit bourses.uqam.ca.

* The information in this brochure on scholarships is subject to change without notice.

TAKING ACTION

REMINDER OF THE STEPS YOU MUST FOLLOW

To submit an application for admission to a program:

- 1** Choose one or more programs of study.

- 2** Review the admission requirements.

- 3** Check the admission deadlines.

- 4** Complete the online application form.

- 5** Pay the admission fees and attach the required documents.

- 6** Receive a notification of admission decision.

Once you have been admitted to a program at UQAM:

- 1** Complete the formalities for your stay in Québec and Canada.

- 2** Register for your courses.

- 3** Reserve your accommodation.

- 4** Plan your arrival.
